Monumenti

A Collection Of Photographic Images By Russell Olivera Jr.

As we pass through life it seems we are surrounded by moments frozen in time by the statues, memorials, and monuments of those we have lost or pay tribute to. Monumenti is a collection of photographs that reflect the beauty of these concrete, marble, and stone pieces of art. The hope of this book is that you will see the stories, life and unique beauty these monuments possess through the eyes of the photographer Russell Olivera Jr.
